***Allowable Subject Matter***

Claims 1, 3-7, 17-23 are allowed.

The following is an examiner's statement of reasons for allowance: Applicant's arguments filed 6/22/09 are persuasive, particularly with regard to the prior art Wehrmeyer. Applicant argues Wehrmeyer does not teach three different densities (A, B, and C) having the relationship where  $B > C > A$  and arranged as claimed. The Examiner agrees with respect to the densities and in combination with the structural limitations of the claims. Thus, the claimed structure is neither anticipated nor rendered obvious by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
